

CAEP/WG3 Emissions

Members from Nordic countries:

Inger Seeberg (Copenhagen Airport) and Marie Hankanen
(Swedish Transport Agency - passive)

Main tasks CAEP/WG3 Emissions

- **PM standard – stringency analysis**
 - Different options and combinations for mass- and number stringency
 - Exemptions likely, discussed at Workshop last week
 - Minor trade-off for noise and other emission
- **Emissions from Supersonic Aeroplanes**
 - Probably reporting requirement next CAEP cycle
 - NOX, PM and CO2 discussed
- **Independent Expert Integrated Review**
 - Mid term and long term goals for technology on Noise and emissions– basis for stringency of standards during CAEP/13 -14
